WATCH MEETINGS

For the Benefit of the Red Cross Society Advised by Military Authorities.

The American National Red Cross is arranging to hold in every village and city in the United States on the night of December 31st, watch meetings to see the Old Century out and the New Century in, and it is eminently proper that the National Guard should take the initiative in arranging for each meeting in New Mexico. The Red Cross society of almost every county in the world has a large permanent sustaining fund, so that the occurrence of any great calamity, such as recently visited the City of Galveston, finds them in a position to offer the most valuable of all assistance, first relief. It is to place the society in America on a solid financial basis that this movement is undertaken.

The officers of the National Guard in New Mexico, in the various towns and cities, where military organizations exist, are expected to take up this movement, and make arrangements for the meeting mentioned above to be held in the company armories, or other suitable place, and endeavor to interest the people of their respective localities in such movement, and give to it every encouragement in their power. It is not expected that the movement shall be confined to the National Guards; as the purpose of the movement is an universal benevolence, the promoters and contributors shall extend to all the people, and to this end the officers of the National Guard should confer with and ask the assistance of the people, and of civic, patriotic and musical societies, in order that such meetings may be made interesting and profitable.

The character of the entertainment to be held may be determined in each locality by conference of the National Guard with citizens, committees or societies. It is expected that a reasonable admission fee will be charged, one-half of which will be remitted to the American National Red Cross society, the other half to be retained by the National Guard organization promoting the meeting.

Cure For Small Pox.

A subscriber asks for the formula for the celebrated Scott preventive and cure for smallpox and we print it with pleasure. It is one of the most strongly endorsed of all remedies for the small pox and scarlet fever and is in general use all over the world by people of wide experiences with those diseases. It follows:

Sulphate of zinc... 1 grain Diglycyl... 1 grain Sugar... 1 teaspoon.

Dissolve in a wineglass of soft pure water and take a teaspoonful every hour. For children the dose must be diminished according to size. It is claimed that either small pox or scarlet fever will disappear in twelve hours, and that where it is used as a preventive it is utterly impossible to contract either disease. The ingredients cost not to exceed 25 cents at any drugstore.

MONEY IS EASY.

New York Capital Looking for Investments in the Southwest.

B. S. Harmon, general counsel and secretary of the El Paso & Northeastern railroad company arrived from New York last night accompanied by his wife. They are here for their health and will spend several weeks here.

"I never saw money so easy as it is now in the great money centers," said Mr. Harmon this morning. "Since the election the money people are anxious to get their money out and any man who has a legitimate scheme can get money in New York to back his enterprise. There will be a great deal of New York money coming to this section of the country this year and much of it will come to the vicinity of El Paso."

"Railroad building will be the chief avenue for eastern money this year, but many thousands of dollars will be invested in mining and other enterprises. Many capitalists have their eyes on Mexico also and thousands of dollars will go there this winter."--El Paso Herald.

EL PASO'S HOTELS.

The Orndorff's Sunday Dinner a Pronounced Success.

El Paso has hotels and hotels, but it has been left for Mr. De Groff with his grand hotel and its magnificent appointments, to set the pace for special 6 o'clock dinners. His menu Sunday would have been a credit to the famous Brown Palace of Denver or any other leading hotel of the country. It was served in courses and was pronounced par excellence from the blue points on the half-shell to the sparkling champagne that was served at the close of the meal, red wine having been served with the meals. El Paso has reason to be proud of its hotels, and especially the Orndorff that is a model of convenience and thorough in all its appointments. Guests always leave its hospitable doors with the kindest feelings for El Paso, for Mr. De Groff and his excellent wife spare no pains to make every one feel at home.--Times.

Prosperous Penasco.

Captain J. H. Lucas of Lower Penasco was a visitor to Alamogordo Monday. He came down to the plains to work some horses and having concluded his labors, returned to his ranch Monday. Captain Lucas reports the Penasco country as prosperous, and states that the people up there are gradually reviving from the shock of the election. Nearly everyone is satisfied with President McKinley's re-election and has a full measure of confidence in the future. There has been no snow at Penasco this season.

Looking Up.

The mining interest in this section are looking up. Wagons and pack animals are coming and going every day to see the tender foot passing through with pack animals. He generally manages to put about 75 pounds on one side of the animals and 25 pounds on the other, with a 30 foot rope wrapped around and tied under the animal. Every hundred yards the pack turns and the prospector cannot see why it does not ride evenly, and he goes on in that fashion, until some good samaritan comes along and evens the pack up, throws the rope over and cinches it securely.--Tularosa Democrat.

Married.

F. F. Ezzell, foreman of blacksmith shops for the E. P. & N. E. at Alamogordo, is in the city with his bride, visiting her father, Joe Barrett. They were married lately at Big Springs, Tex., where the young lady was residing, and they are spending a few days in the city before returning to Alamogordo. Mrs. Ezzell sincerely wishes him all the marriage happiness he thoroughly deserves.--El Paso News.

The Rosedale Nursery people have met with marked success in placing fruit trees and ornamentals in this section. They study the needs of the region and do not advise purchasers to take something that will not prove adaptable to the climate. Send for their catalogue. Address Rosedale Nurseries, Brenham, Tex.

L. Page, who has been telegraph operator for the White Oaks route at Walnut station since last February, is in the city, having come down to accompany a car of ore from the "Just Before" in the Otero district, owned by Cox, Page and Roberts. The mine is located this side of Walnut station twenty miles and is a silver and copper property. This is the third car from the mine and so far the ore is paying the owner \$35 per ton.--Herald.

Fruit trees from the Rosedale Nurseries give the best of satisfaction. This is the forty-second year of successful operation of the firm and it has a reputation for reliability.

Week At Jarilla.

H. S. Church, mining engineer, has returned from the Jarilla mining district for a week where he has been looking after assessment work in that district. He took up about 70 men to put to work doing assessment work on the properties of the Jarilla Mining company. They are now at work and will continue working until the first of January. Mr. Church reports favorably on the general situation in the Jarillas. Kelley & Ryan are keeping several men employed on their "By Chance" mine and are shipping at intervals. The DeMueles turquoise mine is being worked by a few men and good copper ore is being taken out though nothing substantial has been encountered for some time.--Herald.
